Company Profile

Delivering Power Across Borders.

Our Vision

To become a leading global exporter of heavy equipment, recognized for quality, reliability, and long-term partnerships.

Why Choose Us

To provide world class construction, mining, and agricultural machinery to international clients through ethical trade practices, strong supplier networks, and seamless export execution.

About Us

Moraya Developers and Suppliers is a dynamic export focused enterprise specializing in the global supply of construction equipment, mining machinery, and agricultural equipment from India. We connect India's strongest manufacturers with international markets, delivering reliable machinery that drives productivity, efficiency, and growth. With a deep understanding of heavy equipment trade and international logistics, Moraya Developers and Suppliers has positioned itself as a trusted partner for dealers, contractors, fleet owners, and government buyers across emerging and developed markets.
